VINIFICATION: Fermentation in stainless steel tanks with temperature control. Fermentation-maceration for 17 days.

VINTAGE REPORT

In Viña Bujanda we have had a fantastic year except for some plots that suffered the effect of hail in spring/summer. The year has been one of slow ripening and absolute health. 2021 will be an exceptional vintage in our winery.

TASTING NOTES

Colour:

Medium-high intensity, blue and violet tones. Abundant and dense leg.

Nose:

High intensity, with precise Rioja Tempranillo character, the black berries and red berries (cassis, blackberry and raspberry) showing up, mixed up with milky aromas and light recall of cream candy.

Palate:

Very smooth attack in the mouth, with round development showing a big glyceric load that allows a very long final.

Food Pairing:

Specially indicated for jam tapas, sobrasada (chorizo paste), patés and cheese fondues. Very adequate for white meats and fishes in sauce.
